

# LIGHT BEAM

## LB-2X4NR LIGHTED BEAM MATE SYSTEM

**GORDON**  
INTERIOR SPECIALTIES DIVISION

- LB-2X4NR is a UL approved, factory installed lighting system with flush finish snap-in lenses
- Can create independent pendant lights with end caps and modular beam suspension systems that can be open-cell or include lay-in panels
- Extruded aluminum ensures crisp, consistently straight appearance compared to roll-formed products
- Contributes to LEED®<sup>1</sup> Certification

<sup>1</sup> LEED® is a registered trademark of U.S. Green Building Council
