

**CORRUGATED METAL ACOUSTICAL CEILING SYSTEM SOLUTIONS**

VALHALLA HIGH SCHOOL  
El Cajon, CA

## CORRUGATED METAL ACOUSTICAL CEILING SYSTEM SOLUTIONS

ALPRO® ACOUSTICAL SYSTEMS sets the standard for effective noise reduction solutions that are attractive, economical and suitable for any environment. AVIAR custom metal ceiling systems are designed to combine soaring decorative expression with optimal acoustical performance.

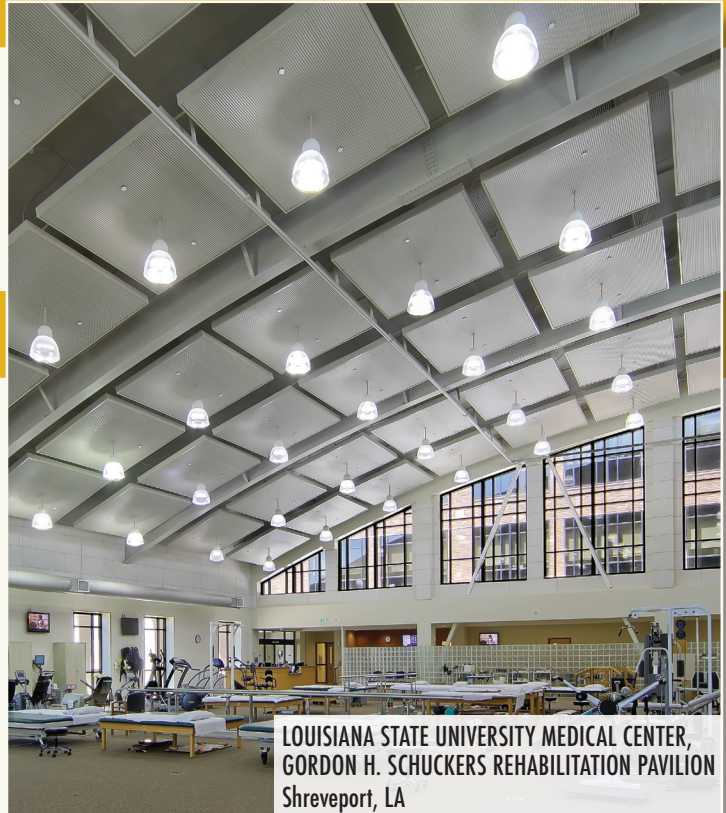

Only ALPRO offers a complete, fully integrated metal acoustical ceiling system. With ALPRO as your single source provider, you are assured of perfect fit and finish, and flawless color match of all components.

### DESIGN ELEMENTS

- Concave, convex, sloped, undulating, and flat configurations
- Corrugated panels of perforated aluminum or steel
- Sound absorptive backing material
- Concealed or exposed extruded aluminum suspension systems

### FEATURES

- Factory fabricated perimeter trims
- OPTIMAL ACOUSTICAL PERFORMANCE – Tested NRC ratings of 1.00 and above
- 10 CORRUGATION PATTERNS
- FINISHES
  - Post –fabrication powder coating guarantees total surface coverage and maximum protection against corrosion.
  - 12 stock colors in standard and premium finishes
  - 12 stock colors in our exclusive, enhanced durability ACROGUARD® powder coat
  - Custom color match capability
  - Anti-microbial powder coat for lifetime surface protection against biological growth
